SOVEREIGNSTEEL
SPEED MERCHANTS™

Birthday & Brand Launch

August 2005

SOVEREIGN STEEL TURNS 11.

Literally hundreds of our customers and suppliers joined us at our raceday to celebrate Sovereign Steel's 11th birthday and the launch of our striking new corporate brand.

FORMULA 1 CHALLENGE.

The friends that attended discovered that our "Speed Merchants" challenge involved pitting their driving skills against others in a Formula 1 Playstation challenge. Four big-screen TV's, full racing seats with steering wheels and control pedals were set up, where individuals raced each other to the delight of the spectators awaiting their turns to show their driving prowess. Everyone who won their race was rewarded a prize.

We thank all of those who spent part of their day with us, and hope that you enjoyed yourselves as much as we did!

November 2005

Dear Friend,

This year has flown past, it must be because we've been so busy, and we're looking forward to our year-end break.

How much more so then, should we remember those less fortunate at this time.

So with your kind permission, we have made a significant financial donation to the Johannesburg Child Welfare in lieu of Christmas gifts to you, our valued customers and suppliers. This gesture, we're sure will be gratefully received and put to really good use for the children.

Your valued support throughout the year is much appreciated and we'd like to take this opportunity to wish you and your loved ones a joyous, restful festive season and a peaceful New Year.

G-d speed,
Management and staff,
Sovereign Steel
